

Éminence has a unique awareness of medicinal plants, which are combined with hand-picked and hand-mixed ingredients with thermal hot spring water to create products that contain potent healing and beautifying properties. The ingredients are clear to see; every cream is literally brimming with whole fruit pulp, seeds and hand harvested herbs.

From specialty masks, fruit cleansers, moisturizers, herbal serums and stimulating body treatments suitable for all skin types from oily, acne, normal, sensitive, aging and dry. Ingredients are specially selected for their high bioflavonoid, ester-C and phyto-estrogen content to target skin conditions, such as rosacea, sun damage, wrinkling and hormonal imbalances.
